Issue

The recalled products may contain bacteria, including *Pseudomonas aeruginosa*, an environmental organism found widely in soil and water. People with weakened immune systems or external medical devices who are exposed to *Pseudomonas aeruginosa* face a risk of serious infection that may require medical treatment. The bacteria can enter the body if inhaled, through the eyes, or through a break in the skin. People with healthy immune systems are usually not affected by the bacteria.

As of October 26, 2022, the company has not received any reports of incidents or illness in Canada.

What you should do

Consumers should immediately stop using the recalled product, dispose of the product and contact The Clorox Company for a refund.

Consumers should take a picture of the date code, dispose of the product in its container with household trash or by pouring it down the toilet or drain, and contact The Clorox Company toll-free at 855-378-4982, Monday to Friday between 9:00 AM and 5:00 PM EST, or online at pinesolrecall.ca for a full refund.

For more information, consumers can contact The Clorox Company toll-free at 855-378-4982, Monday to Friday between 9:00 AM and 5:00 PM EST or online at pinesolrecall.ca.

Please note that the Canada Consumer Product Safety Act prohibits recalled products from being redistributed, sold or even given away in Canada.
